Matt Pihl  
Pihl Excavating  
41660 NW Sunset Hwy  
Banks, Oregon 97106

Dear Matt:

I am writing to let you know that I am extremely pleased with the great job your company continues to do for R&H construction and our clients. We have had the pleasure of working on multiple projects with Pihl Excavating. Personally I have had the opportunity to work with Mike Lawson, Randy Larson and Jeff Smith and they are nothing but the best to work with.

A few things that make Pihl Excavation shine is understanding the overall construction schedule, dealing with changes in a timely manner, work safely, and provide quality work on time and budget. Your team has and continues to do an exceptional job managing your projects. Jeff Smith always shows up to the job with a smile and has a can do attitude which we appreciate very much.

I hope to work with your team on many more projects in the future.

Please extend our gratitude to your entire crew.

Sincerely,

A handwritten signature in blue ink that reads 'Gary Lopez'.

Gary Lopez  
Project Manager
